- Irrigation Department had finalised the financial backlog as on 1 April 2000 in the Irrigation sector, and communicated by letter of Planning Department by letter dated 11 October 2001, by taking into consideration the remaining cost of projects identified for backlog removal instead of uniform cost of Rs.50,000 per hectare.
- The backlog as on 1 April 2002 has been obtained by deducting the expenditure on backlog removal in irrigation sector from the backlog as on 1 April 2000.
- The backlog as on 1 April 2007 has been obtained by deducting the expenditure incurred on backlog removal (i.e. by multiplying the assigned weightage attached to backlog removal in the respective year to the expenditure incurred) from the backlog as on 1 April 2002.
